Determine if your goal is to get huge distribution and most exposure. This aim is aimed at drawing customers to your online business or service, or to establishing the credibility of your reputation. If that is your primary objective, you should intention to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to attract a high variety of new customers. The bottom line is to find a value that maximizes your profits and the variety of books you sell.

However, in case your ebook contains priceless ? and extra importantly NEW information, references, or techniques ? then it is best to aim to price it on the excessive end.

After you determine your aim, you have to determine what your viewers's need is on your ebook. For example, does your e-book solve a specific downside? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you can be in a position to obtain excessive sales at a excessive price. If your e book solves an issue or answers questions in a new and unique approach,

it is best to price your book as excessive as you can go. You will achieve larger income this manner, however bring in fewer customers. If you wish to see giant income over customer draw, intention for an viewers that is searching for easy solutions to their problems at a low price. If your e book is geared toward solving one particular drawback relatively than general advice, then you possibly can charge more. Begin on the highest price the market will bear to bring in the largest profits, and plan to low cost the e book a variety of times throughout the year.

An effective method for determining a price is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the new guide, but do not embody a worth on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Be certain your sales copy is strictly the identical on every

web page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum price is.

Finally, in case you've written a e book that solves a problem or presents a brand new method, your e-book will usher in both traffic and profits. So be sure you write that selling-deal with sentence that sums up what downside your ebook solves and what the advantages of your 95 e-book will likely be to the purchasers who buy it.
