promotional material, and each time anyone asks you about your ebook.

Moreover promoting your books assiduously on-line, there are several different methods that may help you sell more books.

One is to present something away free of charge with your book, resembling a precious bonus item. Or bundle several ebooks underneath one worth, which lowers the price for each e-book in the event that they had been bought separately.

An effective method for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the brand new e book, however don't embody a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with different costs on every page. Be sure that your gross sales copy is strictly the identical on each web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum worth is.

In the end, in case you've written a e-book that solves a problem or presents a new method, your ebook will usher in both visitors and profits.
