An effective technique for determining a worth is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the brand new book, however do not embrace a price on that page. Another strategy is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Make sure that your gross sales copy is strictly the similar on every

page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum value is.
